THE FIGHT FOR OUR OWN BUSINESS INTERESTS

The present member was an absentee in nearly two-thirds of the roll calls taken in the last congress.

He knew that a Democratic Connecticut congressman could do little, yet at least he should have tried. He has done nothing except to violate and betray his trust and oath of office by "doing" Uncle Sam out of at least \$500.00 for postage by unlawful use of franking privilege.

Richard P. Freeman, if elected, will attend to his congressional duties all the time. His ability to represent this district in a party which has our interests genuinely at heart is acknowledged by all. Through the Republican party Connecticut can have actual representation in congress. Republican victory is sure.

Every Republican vote is a vote for greater prosperity, better wages, easier living--for sound statesmanship.

RICHARD P. FREEMAN

Vote for Richard P. Freeman--against a party and a man who has not, will not and cannot help this constituency at Washington.

The Democratic Party under its existing control is an absolute obstruction to the return of business prosperity in the United States.

It has no regard for the manufacturing interests of Connecticut.

Its sectional control is a direct challenge to the welfare of New England.

It does not command or deserve the confidence of American industry.

It's tariff policy is a colossal mistake which only the Republican party can rectify.

Vote, therefore, a Republican ticket.

Vote against free trade and futility.

Vote for protection and power.

FEW MINUTES! NO INDIGESTION, GAS, SOUR STOMACH--PAPE'S DIAPEPSIN

DIGESTS ALL FOOD, ABSORBS GASES AND STOPS FERMENTATION AT ONCE.

Wonder what upset your stomach--which portion of the food did the damage--do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into a stubborn lump; your head dizzy and aches; hunch gases and acids erupt; undigested food breaths foul; trouble comes--just take Pape's Diapepsin and in five minutes you will wonder what became of the indigestion and

distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your food, it will without rebellion. If your food is a damage instead of a help, remember the quickest, surest, harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case--at drug stores. It's truly wonderful--it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary.
